Notes
Supercloth is a synthetic canvas type material which is resistant to stretching and rippling and is often used for the larger canvas sizes in Old Master, Solid and Splash backgrounds for this reason. It should be kept rolled on a core.
Freedom Cloth is a flexible synthetic muslin fabric that can be folded and carried in a bag.
 Where catalogue images of CP series designs have no subject visible, this will be the image as presented in a 6x8 background, or as the vertical section of a full length product (eg 7x14 etc)
 The floor section of full length CP backgrounds will be identical to the design at the bottom of the 6x8 image. (See facing page)
